

IT'S YOUR LIFE. IT'S YOUR CHOICE.

YUKON

DIRECTIVE: Instructions

Read the Directive Form all the way through and do not start to fill in the form until you have read the directions on how to do so. Make sure you completely understand all the information and are satisfied that your Proxy understands that these are your wishes, and is willing to act on your behalf. You will then be ready to complete your Directive Form and appoint your Proxy.

- 1.** Read each line carefully and strike out any that do not apply to you or that you do not agree with. There are extra spaces for you to fill in any circumstances not covered – e.g. you may have a hereditary condition you want to address.
- 2.** Please pay special attention to Section 4 in the Directive Form. If you **DO NOT WISH** to have your life prolonged under the conditions you have set out in Sections 1, 2 and 3 then you must strike out Section 4 completely. If you **DO WISH** to have your life prolonged under any circumstances, and are requesting all treatment applicable to your medical condition, then you must strike out Sections 1, 2 and 3 completely and leave only the directions you are giving under Section 4.
- 3.** Please note that your signature needs to be **witnessed by two people**. Your witnesses must be 19 years or older. Your spouse, Proxy, and spouse of your Proxy **CANNOT** act as witnesses.
- 4. IF** you are physically unable to sign the Directive Form and you ask another person to sign on your behalf, this must be done in your presence with two witnesses. The person signing on your behalf or the spouse of the person signing on your behalf **CANNOT** act as your witness or Proxy.

5. Make copies of the Directive Form before you sign and date, so that each copy has the original signatures.

6. Talk to your physician and ask that a copy of the Directive be entered in your medical records. Give a copy to whoever will be making decisions on your behalf if you cannot do so for yourself and let other important people in your life know that you have a Directive. Keep a copy where it can be easily found in an emergency situation. Leave a note in a prominent place – perhaps with a fridge magnet – saying where to find your Directive and who to call in an emergency. Do not store your Directive in a safety deposit box.

CHANGING YOUR MIND:

You can always change your mind. There is no requirement under Yukon law that you update your signature. However, your Directive may not come into effect for a long time. Therefore, we advise that you review your Directive at least every three years. If there are no changes to be made, sign it again with the new date. There is space at the bottom of the form for you to do this. Keeping your Directive up-to-date helps ensure that your most current wishes will be reflected if you lose capacity to make health decisions.

If your medical condition has changed, or if you have reconsidered some of the answers you wrote down, ask us to send you a new form and start over. Begin by revoking your previous Directive and continue on as before. Be sure to tell everyone involved in your care that you have revised your Directive.

IT'S YOUR LIFE. IT'S YOUR CHOICE.
